

OCTAN REMOTE

ONE OF THE MOST FAMOUS Z-WAVE REMOTE CONTROL ON THE MARKET.

Compatible with Z-Wave standard wireless technology, and Z-Wave Plus Certified, this Remote Control, known as the “Octan Remote” is the ultimate Z-Wave Portable Controller. Who wants to always pull out his Smartphone to switch ON a light ? Halfway between a remote control and a Wall Switch, the Octan Remote will allow you to take the control of your Smart Home, everyday: Light, Scenarios, Blinders, Heaters, you can control everything with this Z-Wave remote control.

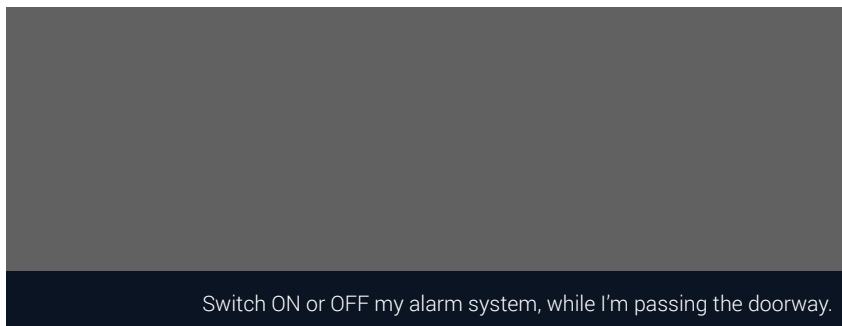

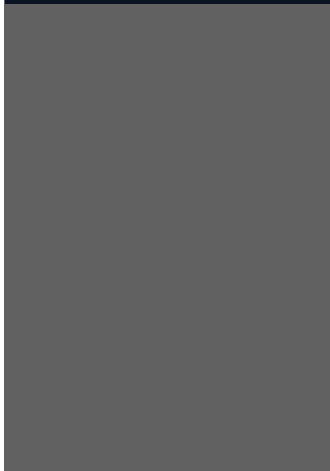

Launch a scenario in my Home, from a single push.

Open or Close my blinders, remotely.

Control my lights, remotely and easily.

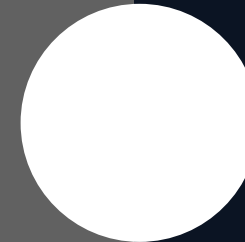

Switch ON or OFF my alarm system, while I'm passing the doorway.
